INFORMATION DISCLOSURE STATEMENT

Sir:

In accordance with the duty of disclosure under 37 C.F.R. 1.56 and 1.97-1.99, applicant calls to the Examiner's attention the references listed on the attached Form PTO-1449. Copies are enclosed.

All of the references cited in Form PTO-1449 except U.S. patent No. 4,651,494 to Van Wagoner are cited and discussed in the specification. The respective pages on which the citations are found are as follows:

Schuller et al	3,135,069	pages 3 and 4
Bellamy	3,598,688	page 4
Sterrett et al	3,619,961	page 2
Hyde et al	3,763,614	page 3
Van Wagoner	4,021,981	page 3
Frohlich et al	4,189,886	page 4
Van Wagoner	4,651,494	not cited in spec.
Crookston	4,804,578	page 2

Van Wagoner 4,651,494 shows a factory assembled insulation panel for use in a roofing system comprising an insulation drainage course 42, a moisture vapor retardant barrier 44 and a closed cell insulation course 46 of synthetic closed-cell insulation material. This assembly may be placed on top of a water impermeable membrane 26, which is laid up on a roof deck 16. A drain pipe 30 (Fig. 2) in opening 28

extends through the entire structure. Insulating drainage course 42 is preferably composed of polystyrene beads 50.

In accordance with 37 C.F.R. 1.97(b), filing of this Information Disclosure Statement shall not be construed as a representation that a search has been made or that no other material information as defined in 37 C.F.R. 1.56(b) exists.

Respectfully submitted,

OLDHAM & OLDHAM CO., L.P.A.
